

## PROGRAM ATTENDANCE POLICY

All Ellenville Public Library & Museum programs are open to the public.

When limitations of space or materials require registration for a program, priority will be given to the residents of the Ellenville Central School District, the Town of Rochester and the Town of Wawarsing. If space permits, non-resident registrations will be accepted.

Priority means that all spaces will go to the residents of the library's service area without consideration of time of registration, provided it is made before the deadline cutoff date. If a resident registers after a non-resident he/she is entitled to the non-resident's space.

Adopted by the Board of Trustees
