- **Showing a Public Performance License is Needed to Show a Film (DVD)**

Showing movies in libraries today means that you must be conscious of the intellectual property and copyright issues. Public performance site licensing to public libraries provides a license on behalf of many of the major Hollywood motion picture studios.

For a single title, single date, single location showing, you may want to contact Movie Licensing USA. This license ensures that entertainment movies are used legally in libraries. Feel free to contact MJ Misselhorn, Customer Relationship Manager, by phone 1- 877-321-1300 or [e-mail](#).

If you are planning to show more than three or four titles during the calendar year, you might want to consider joining the RCLS Group License from Movie Licensing USA. The cost per title will be lower because the Group License is based on the number of libraries and their registered borrowers.

✓ The [Agreement/Renewal Form](#) for the 2019 RCLS Group License is due at RCLS in **August, 2018**. If you would like specific information about the cost to your library, contact Tracey Webber (ext. 227 or [e-mail](#)).

✓ To locate whether a title is covered by [Movie Licensing USA](#), use the Advanced Search box on their website. [Frequently Asked Questions](#) can be also found on their website.

\*E-mail notification and order form will be sent to Library Directors.
